FCC MAIL ROOM

PETITION FOR RULEMAKING

The Renaissance Community Improvement Association, Inc., which is an Oregon non-profit non-commercial educational corporation, respectfully requests that the Federal Communications Commission institute rulemaking proceedings to amend Section 73.202(b) as follows:

<u>CITY</u>	<u>EXISTING CHANNEL</u>	<u>PROPOSED CHANNELS</u>
Keno, Oregon	253A	253A and 235A

In support of this petition, the following is submitted:

1. Renaissance Community Improvement Association, Inc., is one of two applications for a construction permit to use FM channel 253A at Keno, Oregon. Renaissance Community Improvement Association, Inc., respectfully requests that the Commission accept this petition for rulemaking to allocate FM 235A to the community of Keno, Oregon, as that community's second local FM service and that the Commission grant the pending application of Renaissance Community Improvement Association, Inc., which

No. of Copies rec'd 042  
List ABCDE MMB

is BPED-950206MB, for FM channel 253A "cut off protection" with a thirty (30) day period to amend this application to FM channel 235A.

2. Renaissance Community Improvement Association, Inc., has attached to this petition request, an FM channel study to show that channel 235A is available for allocation purposes.

3. On 25 Feb 99, this petitioner sent to the Commission a petition for rulemaking identical to this one. Recently this petitioner checked with the Commission and could not find any evidence that the Commission ever received the original petition for rulemaking. Thus, this petitioner is sending this petition for rulemaking to replace the original petition for rulemaking that has become "lost".

#### IN CONCLUSION

Renaissance Community Improvement Association, Inc., hereby requests that the Commission begin FM rulemaking proceedings to allocate FM channel 235A in addition to channel 253A at Keno, Oregon, and that the Commission give "cut off protection" to the pending application of Renaissance Community Improvement Association, Inc., for the use of the requested additional channel.
